is on the premises also a spring house, a good spring of water and barn which I think has been converted into a garage. I think that property at public sale would bring approximately \$600.00. That is the value that I would place on this property considering that the prices which have been obtained in this section on similar properties at public sale within the past two years. Ordinarily the property is worth more than that, but considering the cirstances I feel that, that is a fair estimate.
